

NICHOLAS WISE SARAGIH SUMBAYAK

| nicholasaragih@gmail.com | linkedin.com/in/nicholaswises | nicwise.dev

Informatics Engineering Sophomore at Institut Teknologi Bandung with a growing interest in data-driven software engineering. Exploring the world of systems software engineering, software infrastructure, and data analysis.

Projects

AkuMasukITB Website (akumasukitb.com)

- Engineered an end-to-end platform using React, Vite, Hono, and Docker, enabling a scalable e-commerce and event registration system that supported 7,000+ concurrent users and generated Rp190M+ in revenue within its first quarter.

TEDxITB 9.0 Website (tedxibt.id)

- Developed the official website for TEDxITB 9.0 as the central platform for 120+ attendees, featuring event information, speaker profiles, ticket registration, and real-time updates. Developed with the T3 Stack (Next.js, TypeScript, TailwindCSS, tRPC) and DrizzleORM + PostgreSQL, ensuring scalable backend performance and seamless ticketing.

Lokasharana Website (lokasharana.com)

- Developed a gallery website for Lokasharana FSRD 2024, an appreciation event showcasing graduates of ITB's Faculty of Art and Design during the August Graduation Ceremony. Built with Next.js, Tailwind CSS, and Framer Motion for a dynamic frontend experience, integrated Cloudflare R2 and Prisma ORM for image storage and management, and implemented Zustand for seamless state management.

Education

Institut Teknologi Bandung - Bandung, Indonesia

Jul 2024 - Jul 2028 (Expected)

Bachelor of Informatics Engineering, 3.75/4.00

- Relevant Coursework: Algorithms and Programming, Operating Systems, Software Engineering

SMAK 1 PENABUR Jakarta - Jakarta, Indonesia

Jul 2021 - May 2024

High School Diploma, 91.80/100.00

Work Experience and Organizations

KSEP ITB - Bandung, Indonesia

Apr 2025 - Present

Vice Director of Operations

- Led and contributed to the development of 4 professional websites for KSEP ITB, supervising a team of 4 while actively working on design, implementation, and deployment to ensure timely, high-quality results.

TEDxITB 9.0 - Bandung, Indonesia

Sep 2025 - Present

Head of Website Development

- Led the end-to-end development of the TEDxITB 9.0 website, boosting publicity reach by 50%.
- Optimized event and merchandise workflows by implementing a checkout system handling 100+ orders, improving efficiency by 100%.

Aku Masuk ITB 2026 - Bandung, Indonesia

Oct 2025 - Feb 2026

Deputy Head of IT

- Coordinated a team of 12 to develop a comprehensive e-commerce platform for event registration and merchandise sales, handling 7,000+ users concurrently and increasing operational efficiency by 100%.
- Engineered an end-to-end system using Vite + React and Hono, leveraging Docker for containerized automated deployments and reducing manual overhead by ~70%.

Skills and Technologies

- Programming Languages:** C, C++, Python, TypeScript, Java, Go, Haskell
- Frontend Development:** React, Next.js, TailwindCSS, React Query, Zod, Zustand, Motion
- Backend Development:** Express.js, Hono, Gin, PrismaORM, DrizzleORM, MongoDB, PostgreSQL, Supabase
- Other Tools:** Git, GitHub, Figma, Postman, Docker
